

SUPPLY LIST

Portrait and Figurative Sculpture

Sculpting supplies:

- -Clay: Chavant NSP "brown" "medium hardness" about two blocks (4lbs total)
- (Instructor will have additional clay available, if necessary, for students to buy at cost. Please call ahead of time if you are purchasing in studio (310)-837-7194 to make sure we have enough)

- -8 inch calipers
- -12" ruler with inches and centimeters
- - 8" Wire End Modeling Tool #217 by sculpture house Available at the Compleat

Sculptor:

https://shop.sculpt.com/products/sculpture-house-8-wire-end-modeling-tool-217?_pos=1&psq=sculpture+house+217&ss=e&v=1.0

- -Stainless tool #21 by Just Sculpt Available at the Compleat Sculptor: <https://shop.sculpt.com/products/just-sculpt-stainless-tool-21> (if you already have similar modeling tools, they may be adequate-I will be discussing various tools as the class progresses.)
- -Exacto knife
- -Wire and armature building materials will be provided at the first session for a cost of around \$10

Other Supplies:

- -(If you have some good pliers for bending wire and some wire cutters, please bring them to the first class for your personal use to save yourself time.)
- -further tools and their uses will be discussed as the class progresses
- -depending on how far the student is able to progress on each project, for detail and finishing work I would recommend: "Ken's Tools ST3 Heavy 4-pack" to get started
